An Act for the Organization of Corporate Congregational Churches

Act 53, Public Acts of Michigan, 1901, as amended by Act 84, Public Acts, 1905, and Act 298 of Public Acts of 1913

The People of the State of Michigan enact:

SECTION 1. Sections one, two, three, four, five, six, seven, eight, nine and ten of act number fifty-three of the Public Acts of nineteen hundred one, entitled "An act for the organization of corporate Congregational churches," as amended by act number eighty-four of the Public Acts of nineteen hundred five, are hereby amended to read as follows:

SEC. 1. It shall be lawful for any number of persons of full age, not less than five, who may desire to form themselves into a Congregational church, to adopt, execute and acknowledge before any person authorized to take acknowledgment of deeds, articles of association, in writing, whereby they shall agree to organize a church, according to the faith and usages of the churches commonly called Congregational, under the name and style set forth in said articles, which shall contain the following items:

First. The name of said church;

Second. The township, village or city, and the county in which said church shall be located;

Third. An agreement to worship and labor together as a church according to the faith and usages of the churches commonly called Congregational.

SEC. 2. The persons signing said articles may, at the same time, elect by ballot, or may designate some other time and place for so electing, not less than three nor more than twelve trustees, a majority of whom shall be members of said church, to serve until their successors shall be elected. One-third of said trustees as near as may be shall, at the first election, be chosen for three years, one-third for two years, and one-third for one year, but thereafter, except to fill vacancies, they shall be chosen for three years, of which election a full record shall be made, and a certified copy of such record, signed by the presiding officer and secretary of the meeting at which said election is held, together with said articles of association, shall be recorded by the clerk of the county in which such church or place of worship is or shall be located, in a book by him provided for that purpose, and such clerk shall be entitled to a fee of ten cents per folio for recording the same. When said articles of association and the certificate of election of said trustees shall have been so filed for record, the persons who shall have signed said articles, together with those who shall thereafter become members of said church, and, if the articles of association so provide, those persons being of legal age, who are, and those who shall become regular contributors to the support of said church, shall become and be a body corporate under the name and style adopted in said articles, which name shall conform to the following form, namely: The (insert name or number) Congregational church of (insert name of place of location).

SEC. 3. It shall be lawful for said corporation at any regular or called meeting of its members, due notice having been given as hereinafter provided, by a two-thirds majority of the ballots cast at such meeting, to amend its articles of association in any manner not inconsistent with the provisions of this act, and such amendment shall become operative when a copy of the same, duly certified by the presiding officer and clerk of such meeting, and acknowledged before any person authorized to take acknowledgment of deeds, shall be filed with the clerk of the county for record.

SEC. 4. At all meetings of said corporations, subsequent to the first, right to vote upon questions involving the acquirement and disposition of property and the expenditure of money shall be confined to adult members of the church so incorporated, and, if the articles of association so provide, those persons being of legal age, who are regular contributors to its support: Provided, That if said church shall have suspended worship, the right to vote shall be determined as of the date of such suspension.

SEC. 5. Notice of meetings of said corporation, specifying the time, place, and object thereof, shall be read from the pulpit on the two successive Sundays preceding such meeting on which services shall be held: Provided, however, That in case it is proposed to amend the articles of association, the proposed amendment, together with a notice of the meeting called for its consideration, shall be read from the pulpit on the three successive Sundays, immediately preceding such meeting on which services shall be held; and the proposed amendment shall not itself be amended, in any material point, in the meeting so called for its consideration: And provided further, That if there should be no public services at which the notice herein required may be given, said notice may be posted on the church door or published in the town, city or county newspaper whose circulation among the members is greatest, for three weeks preceding such meeting, specifying the time and place and object thereof.

SEC. 6. In the management of the secular affairs of the church so incorporated and of the business of said corporation, but subject always to its direction and control, the board of trustees thereof shall have and exercise all such powers of the board of directors of a business corporation as are appropriate to the purposes and business of a religious corporation: Provided, however, That said board of trustees shall not choose, call, settle or dismiss a pastor or fix his salary, or buy, sell, convey or incumber real estate or any right thereto or interest therein, unless instructed so to do by said corporation at a regularly called meeting: And provided further, That members of the board of trustees and such other officers as may be provided for in the articles of association shall be elected by ballot at a regularly called meeting of those entitled to vote under the articles of association.

SEC. 7. Such corporation may have a seal and alter the same at will. It may, in its corporate name, sue and be sued in all courts of competent jurisdiction. Subject to the provisions of this act it shall have power to choose, call and settle a pastor and fix his salary; to elect trustees, treasurer and clerk and such other officers as may be provided for in its articles of association; to direct and control their actions; to acquire, hold, manage, control, sell and convey property both real and personal; to hold and recover all debts, damages, rights, privileges and all property, real, personal or mixed of what-

soever nature they or it may be and in whosoever hands held, belonging or appertaining to said church or to the religious organization out of which it is incorporated or reincorporated the same as if the right and title to said property had originally been vested in said corporation. It may hold so much real estate as may be needed for the purpose of church building, parsonage and cemetery purposes and of any so-called institutional activities; it may also hold for a period not exceeding ten years, such real estate as may be conveyed or devised to it even though the same be not needed for the purposes above mentioned or be actually occupied by it in the exercise of its franchises: Provided, however, That all property of said corporation whether real, personal or mixed or whether held in fee or in trust and the income therefrom and the proceeds thereof when sold shall, subject to the terms of any trust or trusts relating thereto or to any part thereof, be held and used by said corporation for the benefit of said church as a Congregational religious organization, and for no other purpose whatsoever, except as provided in section eight of this act. Said corporation may and shall hold in perpetuity as a permanent fund all property given, bequeathed or devised to it or acquired by it for the purpose of an endowment, the income from which fund, subject to the terms of any specific trust or trusts relating thereto, or to any particular part thereof, may be used for any lawful purposes of said church or corporation: Provided, That as to real estate, said property, when so required by law, may be sold and the proceeds from such sale covered into said fund: And provided further, That said corporation, in the lawful administration of said fund, may sell any property therein and re-invest the proceeds of such sale in such securities and other property as shall be lawful investments for saving banks and trustees in this state, said property and securities when acquired, to become a part of the principal of said fund: And provided further, That none of the offerings of said church received or collected for missionary or benevolent purposes shall be used for the current running expenses of said church or corporation; nor shall any fund or funds, money or other property received, set aside, accumulated or acquired for a specific purpose be diverted to any other use without the consent of the donor or his duly authorized representative.

SEC. 8. In all cases where the property of any corporation subject to the provisions of this act has been abandoned, or is no longer used for the benefit of said corporation as a Congregational religious organization, or if said corporation has for a period of two years ceased to exercise its corporate functions, or to hold regular religious services, then, in any or all of such cases, the local association of churches with which it is, or has last been connected may, by resolution declare the said corporation extinct and may notify the Michigan Congregational Conference, a corporation organized and existing under and by virtue of the laws of this state, of such resolution. Upon receiving such notice the said conference by its executive committee or such officer as said committee may designate, may apply to any court of equity jurisdiction in the county in which said property may be, for a decree, dissolving said corporation and vesting the title to its property in the said Michigan Congregational Conference. The application for such decree shall contain a statement of the reasons for said action and there shall be annexed thereto a duly certified copy of the resolution of the local association of churches

to which said corporation belonged, declaring said church extinct, as above provided. Upon the filing of said application an order shall be entered, requiring all persons interested in said corporation, to show cause if any they have why such corporation should not be dissolved, at some time and place to be therein specified, not less than four weeks from the date thereof. Notice of the contents of such order shall be published once in each week for three successive weeks in a newspaper published in said county, if any such there be, and if not, in such newspaper of general circulation in said county as the court may direct. On the day appointed in such order, or on any day to which the court may adjourn the proceedings, if it shall appear to the court that the facts set forth in said application are true, a decree shall be entered, dissolving said corporation and vesting the title to its property in the said Michigan Congregational Conference, and such corporation shall thereupon be dissolved and the title to its property shall vest in the said Michigan Congregational Conference, which shall hold the said property, or the proceeds thereof if, in its judgment, it shall be deemed wise to sell it, in trust for two years and if, within said time, a Congregational church shall be incorporated under this act as the successor of the church so dissolved and shall be received in due form as a member of the local association to which the said church belonged at the time of its dissolution, it shall be the duty of the said Michigan Congregational Conference, on receiving satisfactory proof of said facts, to convey the said property or the proceeds thereof to the said church so incorporated which shall then be deemed to be in all respects the successor of the said church so dissolved, and shall succeed to all of its rights, privileges, property and obligations, except as above provided, as if said corporation had not been dissolved. But if no such church is so organized and incorporated, the absolute title to said property shall vest in the said Michigan Congregational Conference, subject to all trusts affecting the same in the hands of the dissolved corporation.

Sec. 9. Any church or religious organization, whether incorporated or unincorporated, may, at a meeting duly called for the purpose, by a two-thirds vote of those persons present and voting, place itself under the provisions of this act, the same as if incorporated under it by adopting and filing articles of association as provided in section two hereof.

Sec. 10. In all cases, whether in law or in equity, that may arise in any of the courts of the state, regarding churches incorporated under this act, or those which by vote shall have put themselves under its provisions, all other acts or parts of acts inconsistent herewith shall be interpreted and construed in such manner as to give full force and effect to the provisions of this act.

In effect after August 15, 1913.

AN ACT to Provide for the Voluntary Dissolution of Ecclesiastical Societies Auxiliary to Congregational Churches, and for the Disposition of their Property, and to Repeal Act Number Forty-seven of the Public Acts of Nineteen Hundred One, Entitled, "An Act for the Consolidation in Congregational Churches of an Ecclesiastical Society with its Church."

Act 303, Public Acts of Michigan, 1913

The People of the State of Michigan enact:

SECTION 1. Whenever any Congregational church, in connection with which is an already incorporated religious or ecclesiastical society, at any regular or called meeting, shall express by ballot and by a two-thirds vote of its qualified members present and voting a desire to assume said corporate powers and the direction and control of its property and secular affairs, the trustees of said society, upon receiving official notification of the vote of said church, shall forthwith call a meeting of said society, of which meeting notice shall be given on three successive Sundays next preceding the date of said meeting, specifying the time, place and object thereof, to consider and vote upon the questions stated in section two hereof.

SEC. 2. At the meeting so called, the following question shall be put to vote:

Shall the title to all the property of the (name of society) be vested in the Congregational church of Michigan, and the said society be dissolved?

The vote shall be by ballot and if two-thirds of the ballots cast shall be in the affirmative, a duly certified copy of such resolution shall be transmitted to the clerk of the said church who shall call a meeting of the said church, which shall then prepare, execute and place on record, articles of association under and in accordance with the provisions of act number fifty-three of the Public Acts of nineteen hundred one, and the amendments thereto, or such other act as may hereafter supersede said act and upon recording said articles of association as provided in said act the said society shall be dissolved and all property owned by it shall pass to and be held by the said church so incorporated under the name and style adopted by it in the said articles of association, and all liabilities of said society shall be assumed and paid by said church.

SEC. 3. Act number forty-seven of the Public Acts of nineteen hundred one, entitled "An act for the consolidation in Congregational churches of an ecclesiastical society with its church," is hereby repealed: Provided, however, That notwithstanding the repeal thereof, all rights of every kind and nature now held or enjoyed under and by virtue thereof, are expressly preserved and shall continue unimpaired; and said act shall be deemed to be still in force for the enjoyment and protection of said rights but for no other purpose whatsoever.

In effect after August 15, 1913.

RESOLUTION

Resolution adopted at the annual meeting May 19-20, 1909: That the annual meeting of the Board of Trustees be held as a stated policy on the opening day of the meeting of the state conference for consideration and for action upon such matters as shall require attention.

RECOMMENDATIONS

In accordance with the provisions of the Articles of Association and the Constitution of the Michigan Congregational and Christian Conference it is recommended to the churches and local associations that provision be made for the appointment of local advisory committees in the associations to act in conjunction with the trustees of the state body; it is also recommended that provisions be made according to specifications given herewith for the examination, licensure and ordination of candidates for the ministry.

These recommendations pertain first to the appointment of local association advisory committees. It is recommended:

I. That each local association appoint a committee to be called the Advisory Committee, consisting of five members, of which the moderator and registrar of the association shall be members *ex officio*, and three other members, to be elected at the annual meeting, as follows: At the first election one member to be elected for one year, one for two years and one for three years; and thereafter one to be elected each year to serve three years. It is urged that special care be taken to secure the most competent membership for the committee.

II. The functions of this committee to be—

1. To know the churches and ministers within the bounds of the association, their character, needs, and conditions, and to keep a record of the same corrected to date and filed with the registrar.

2. To hold itself in readiness at all times to assist, inform, advise, and suggest, upon request, in cases where a change of pastorate, the organization of a church, the consolidation of fields or other exigencies affecting the common welfare of our churches, may call for such action.

3. To be in active and constant communication with the Board of Trustees of the state conference; filing with it its local information; gathering from its larger files wider information; reporting to it at once any changes in fields or men; making investigation at its request, and aiding in all possible ways its effort to know Congregational life.

4. To act in conjunction with the pastor of the church where a meeting of the association is to be held, as the program committee; with a view to suggesting, from its knowledge of the field, vital and practical topics, presenting plans of progress or extension, and increasing the interest among both clerical and lay members of our churches, in the meetings and work of the association.

5. To be the Missionary Committee of the association.

These recommendations pertain second, to ordination and examination on the course of study.

I. Inasmuch as under our present system ministerial standing vests in the local association, it is recommended that to the same body be accorded the function of passing, after due examination, upon the credentials and fitness of candidates for ordination. It is suggested that the procedure be as follows:

1. A church seeking to induct into its pastorate a man who has not been ordained, may present the candidate for examination at a meeting of the local association with which the church is connected; notice of such intention having been previously given to the registrar and printed on the program of the association meeting.

2. The said association to examine the candidate thus presented in regard to his intellectual, moral and spiritual fitness for the ministry, and if approved, to present a certificate of such approval to him and to the church presenting him.

3. Upon the basis of such certificate the church to proceed, either then or thereafter; to the ordination of the candidate through a council of fellowship; the same being either the association or a group of churches elected by the church and the candidate.

II. Inasmuch as this conference has provided a course of study for those applicants for ordination who have not received collegiate and seminary education, it is recommended that, for the sake of uniformity, the examination of candidates on this course of study be conducted by a committee of the state conference; and that the certificate of said committee that he has completed this course satisfactorily shall be required in all such cases by the local associations before it proceeds to his examination for ordination.

Resolution Adopted at the Annual Meeting May 16, 18, 1911

That the committee on examination and course of study be instructed to hold the examination of licentiates on the opening day of the conference.

Dr. Thompson, speaking for the Business Committee, asked con-

sideration of the relative merits of holding the Conference meeting during the early part of the week or over the week end as is now being done this year. After considerable discussion it was shown that the attendance is much larger this year than in previous years; that the Conference seems to move with more leisure, and when a show of hands was asked for it was indicated that an over-whelming majority was in favor of a week-end Conference. Accordingly the dates for 1938 were set as May 19 to 22, 1938, at Manistee.

RELIGIOUS EDUCATION

Your Committee on Religious Education submits the following report: The Summer Conferences of 1936 proved to be especially helpful. The fact that from every section of the State, reports have been received of most encouraging results in local churches, is very pleasing to your Committee. It is the things that happen afterwards in the Congregational Churches that are the real test of the value of any Summer Conference program. We are now looking forward to 1937 Summer Conference Programs that promise to be as helpful to our churches.

To that end, we wish that churches would select their delegates with particular concern for leadership or potential leadership capacity. Before your delegates come to the Summer Conferences, we would urge with underscored emphasis that pastors assign definite tasks to be done—1937-38—responsibilities that you would like your delegates to assume in your church's program. Such advance assignments will help us to make our work more vital and it should make their days in Conference more worth while.

We urge that our Congregational Church accept the following objectives for 1937-1938:

- I. **Strengthening of Leadership** in the Local Church through:
 1. Adult and Youth Summer Conferences
 2. Association or local Leadership Training Seminars
 3. Monthly Worker's Conference in the local church.
- II. **An Active Missionary Education Committee—**
 1. Educating in the wider enterprise of the Christian Church
 2. Interviewing all who do not contribute to church benevolences
 3. Making your Church School a World Service School
 4. Using Cent-A-Meal Boxes as a supplementary part of the program. We suggest the Pilgrim Fellowship groups might sponsor this.
- III. **The Extension of the Pilgrim Fellowship Program in Michigan Churches.**
- IV. **Special Emphasis Upon Religion in the Home—**
 1. Promotion of selected materials for use in home devotional life
 2. Emphasis upon the establishment of home altars.
- V. **The Development of the Church School Curriculum** so as to Provide Maximum Essentials in each year's work—These maximum essentials to be mastered before promotion granted.
 1. Biblical Information
 2. Churchmanship
 3. Missionary Education
 4. Social Problems
 5. Christian Ideals
 6. Our hearty cooperation with Michigan Council of Churches and Christian Education.

As Chairman of the Committee, I would like to express our appreciation for the excellent way that Miss Boyd has carried on her work in spite of her illness. I would like too, to thank the members of the Committee for the excellent work that they have done.

Respectfully submitted,

CHARLES W. HELSLEY,
Chairman.

EXHIBIT C

DIRECTOR OF RELIGIOUS EDUCATION

Believing that the purpose of this Department is to assist local churches, Association organizations and State Committees to enrich their own vision and to build their own programs in the light of their own needs, the Director has devoted the major part of her time in helping these official groups develop their activities.

Summer—1936

Last summer we inaugurated our first Northern Youth Conference at Benzonia. Eighteen northern churches not previously participating were served. The three Southern Conferences followed at Olivet College. The Adult Institute, directed by the Rev. Paul H. Clark of Ludington, and the Older Young People's Conference attended by approximately 150 delegates.

Mr. Boyd R. Swem, Secretary of the State Young People's Committee, accompanied our ten delegates to the Christian Youth Conference of North America held at Lakeside, Ohio. Our State was honored when Bruce Yost, Youth Chairman of the Michigan Pilgrim Fellowship, was elected by the Congregational and Christian delegation as a regional representative on the newly formed National Council of the Pilgrim Fellowship.

Fall—1936

In order to make the findings of the Youth Conferences practically available to the local churches, the State Young People's Committee opened the Fall program with a three-day retreat held on Little Bear Lake near Muskegon. At this meeting of the Executive Committee of Religious Education Dr. C. W. Helsley of Grand Rapids was elected the Chairman and Mrs. L. Horning of Eaton Rapids as Secretary. Two new departments of work were created at this meeting, namely, Curriculum Building and Home Religion.

Winter—1937

Four events marked the Winter program. The first held during the Christmas holidays, developed plans for the 1937 Summer program. The second, sponsored through the efforts of our Department of Missionary Education, set up an extensive series of local schools for the study of World Service material.

With the assistance of Dr. Harry T. Stock and Miss Mildred C. Widber of Boston, our Department of Leadership Training conducted a State-wide series of Adult Institutes, eleven meetings being held throughout the lower peninsula. Approximately 780 people registered for these conferences. Michigan Pilgrim Fellowship Week was held

simultaneously with these meetings which culminated with a rally in Grand Rapids, more than 500 young people from four Associations in attendance.

Summary and Recommendations

Other interesting developments of the year's work include the publication, in the interest of the Summer Conferences, of four issues of the "Hilltop Builder" by the Owosso Pilgrim Fellowship; the co-ordination of the Religious Education program and the Department of Women's Work through cooperation with Mrs. Gordon C. Speer, the second Vice President on the Women's Board, and participation in the activities of the Michigan Council of Churches and Christian Education.

Respectfully submitted,

HELEN BOYD.

EXHIBIT D

THE WOMEN'S DEPARTMENT

Our goal for the past two years has been "EVERY WOMAN in every church in one united women's organization, and EVERY WOMAN intelligently at work developing a sense of stewardship in her spiritual, personal and material resources, and doing her share in the correlation of all departments of the church toward the accomplishment of the Great Task".

Because so much of the success of the women's work depends upon organization, much time has been spent this year in completing the organization of the Associations. All the Associations are now organized with efficient leadership. Whatever success and progress we have made this year, much of the credit for it should go to these noble women.

The White Cross and Box Work under the able leadership of Miss Frances Dunnette has shown a steady growth. No one can truly estimate the value of this work as it goes out of the churches to the four corners of the earth.

"How can we improve our programs?" comes the call daily to Mrs. C. H. Stowe, Chairman of Literature, who is also in charge of projects and Adventure in Reading.

Not many churches are making use of the religious drama. Mrs. Oliver K. Black is Chairman of this Department and will help all those wishing to build the drama into their programs.

The Department of Social Action, Miss Leona Tyler, Chairman, has endeavored to secure Social Action programs in the women's departments and has sent out literature as it has come to her from the National Board.

The Thank Offering is an old institution in our churches. It was started some years ago simply as a "love gift" to meet some specific need, and to be over and above the apportionment. Mrs. L. E. Van-Antwerp is chairman of this work.

One of the most important departments is that of the Prayer Circles. Mrs. C. W. Helsley, the Chairman, has been busy early and late in helping women organize small prayer groups and has enlisted many women in the "Order of the Golden Key".

In addition to all the work carried on by the departments, the Women's Work of the State has been presented in all the Fall Association meetings and in some of the Spring meetings; at many church conferences, and scores of women's meetings.

As we enter another year, we are confident that many advances have been made and that we are nearer to our goal. We are confident also that a new sense of stewardship of spiritual, personal and material resources is apparent in the life of our women's work throughout the State. Therefore, we march hopefully on to greater advances.

Respectfully submitted,

MRS. CARL W. ELSON,
President.

GENERAL MISSIONARY

Perhaps the most outstanding feature of the work of the General Missionary during the past Conference year has been the development of the technique of The Friendly Visitation. One or two such Visitations had been successfully conducted prior to the Conference of 1936, but the past year has seen this procedure carried through in 25 other churches.

These Friendly Visitations have convinced me of a number of things. Few churches, apparently, are aware of the extent of their own constituencies. There are far more people interested in our churches than we have been accustomed to suppose. We can enlarge our budgets by interesting many new families not now on our subscription lists. There is no need to lengthen out the period for the underwriting of a budget for days, weeks and months. It can be done in two days as well as in two months, and, indeed, a great deal better. The Friendly Visitation wins many new friends for the church. It brings a large group of workers into contact with the people of the parish, and makes them familiar with the families who have an interest in the church. It is clear that there is no reason for any church attempting to carry on its work on a depression basis. People are ready to give if they have the opportunity, and their pledges, with few exceptions, will be redeemed, if the church is alive to its task. The Friendly Visitation not only raises budgets, it raises the spiritual temperature of the church.

During the year 52 churches have been served by the General Missionary in different ways and for varying lengths of time. Over 200 days of service have been given to local churches in their own fields. About 50 more days have been given to conferences. The balance of the year has been given to office work and traveling between appointments. Forty-four Sundays of the year were occupied with preaching engagements, five with conferences, and the balance were spent by the General Missionary with his family and the opportunity afforded was used to visit our churches in Lansing and East Lansing.

The year's experience has made it clear that the small town church and the rural church are again taking an effective place in the development of the religious life of our nation. They need to be strengthened in every possible way, and especially by assisting them to measure and use their own resources.

PERCY V. DAWE.

EXHIBIT F**SOCIAL RELATIONS**

The Social Relations Committee is not satisfied with the total accomplishments it has been able to secure this year. It is of the opinion that it will take time before this phase of church work is fully understood and adequate cooperation secured from the church membership. However the committee feels that some real gains have been made.

In October the Committee met in Lansing. To this meeting the Association Chairmen of Social Relations were invited and several came. A plan was set up to try and hold a number of one-day institutes at various places over the State. The plan of the one-day institutes did not materialize, but a number of the Associations did emphasize the Social Relations activities.

The Jackson Association had a fine discussion of Social Action literature. The Grand Rapids Association had the Chairman of the State Committee over for an address.

Effort was made in the various Associations to form committees in the local churches. The very tense situation which has prevailed over Michigan this year points to the necessity for more aggressive action in bringing to people the understanding of the economic and social factors which lie at the heart of most of our industrial strife.

The Committee recommends that the ministers bring before their people the excellent literature which is being produced by the Council. And that the Council set aside sufficient funds to facilitate the setting up of strong one- or two-day institutes during the coming year.

Respectfully submitted,

HUBERT N. DUKES,
Chairman.

EXHIBIT G**EXAMINATION AND COURSE OF STUDY**

This committee's work should grow less each year. An educated ministry has been the aim of the denomination and the course of study that is given by the conference is merely an emergency measure. Each year the number registered for this course decreases and we hope that it may eventually be eliminated entirely. This year there was only one applicant for the course. He has expressed his serious intention of carrying on the work as he would a regular college course. In the past this has not always been the case. The committee aims to have all licentiates complete this course in the prescribed time or else give up the course. Some of the men who have completed this course are now doing good work throughout the state.

Respectfully submitted,

HOWARD A. BLANNING,
Chairman.

EXHIBIT H

COMMITTEE ON EVANGELISM AND
DEVOTIONAL LIFE

In October members of the committee within a short driving distance of Lansing met with Mr. Dawe in the Conference Office to make plans for the setting up of preaching missions throughout the state. Two form letters, one to those ministers who had agreed to assist their fellow-pastors by serving as missionaries, the other to all the pastors, inviting inquiries from those who wanted missions in their churches were sent.

The result was that a considerable number of preaching missions were held, some in the late fall and winter months, more during Lent. While there was no uniformity in the conduct of the preaching missions, unquestionably the effort was worth while. There was an enlargement of vision and a deepening of the spiritual life. When the mission was a cooperative effort among several churches, the result was a better understanding and appreciation of the ways in which other denominational groups worship.

Respectfully submitted,

EARL F. COLLINS,
Chairman.

EXHIBIT J**HISTORICAL COMMITTEE**

This committee of three was appointed at the 93rd Annual Meeting of the Michigan Congregational and Christian Conference held in Jackson, May 19-22, 1935. Its functions were to be two fold: first, to secure data and prepare the record for the centennial anniversary to be held in May, 1942; secondly, to prepare and present to the Conference a fitting program in celebration of this event.

A recommendation at the same time was made to the Board of Trustees that it appoint a Special Anniversary Fund Committee which should prepare and present to the Conference at its Annual Meeting in 1936 a plan for the securing of such fund as should be wise for carrying the Anniversary plan to completion.

As 1942 seemed so far away the Special Historical Committee had no report to make to the Conference in 1936, and doubtless for the same reason the Board of Trustees also made no public report concerning an Anniversary Fund. However, the time has arrived for plans to be laid looking towards a fitting celebration of the coming centennial of 1942.

As one member of the original committee of three has resigned, and as upon further consideration the need for a much larger committee to undertake the proposed task is apparent, I am asking that the members of this committee be increased to nine (9) with the further proviso that the Moderator of the Conference in conjunction with the State Superintendent may at any time upon request of the Committee still further enlarge its numbers or fill any vacancies that may occur.

Respectfully submitted,

EDWIN W. BISHOP,
Chairman.

EXHIBIT K**BUREAU OF PASTORAL SUPPLY**

The Board of Pastoral Supply in the third year of its life has continued the process of laying foundations upon which the future effectiveness of the Board can be built. One general meeting of the Board a year has been held and through the rest of the year the area representatives have met with Dr. Lloyd and Mr. Dawe in planning the work of each district of the State.

The procedure, the same in nearly all cases, has been to put the Board in touch with any churches needing a minister and to offer assistance. In practically each case, that assistance has been rendered with the finest cooperation of the churches and their committees. In like manner the Board has been available to ministers seeking to make changes and again many of these changes have been made with the complete cooperation of men and churches.

The Board has sought, whenever a church has needed a pastor, to meet with the church and to make a survey of its needs. And then having discovered the sort of program the church should have, the Board has studied the records of available men in order to place the one best suited to that church. The Board has been particularly insistent that no church should consider more than one man at a time and that no man should consider more than one church at a time. Through Mr. Dawe, its Bureau has been in contact with the Settlement Committee of the whole mid-west region, thus widening the scope in the choice of men and in pulpit possibilities.

At all times this Board has been in complete cooperation with the State Office and with the Board of Trustees in order to make complete a cooperative effort which is fast substituting intelligent direction for the element of chance that has all too often been present in the calling of ministers by churches. This Bureau has now been tested and has been found to be a working and workable plan for the good of ministers and churches alike.

Respectfully submitted,

HAROLD N. SKIDMORE,
Chairman.

EXHIBIT L**BOARD OF TRUSTEES**

May 14, 1937

For the transaction of Conference business the Board of Trustees met four times during the year while the Executive Committee of the Board met twice. These meetings were in addition to many sessions of the Administration, Apportionment, Grants and Finance Committees.

Early in the year Mr. Victor Krause of Rockford, Mr. Fred R. Jean of Grand Rapids, and Mr. Robert Davey of Jackson were appointed as Advisory Members to the Finance Committee of which the Moderator, Mr. John D. MacNaughton, is Chairman. We deeply regret the pass-

ing of Mr. Robert Davey of Jackson early this month. This leaves a vacancy on the Committee hard to fill. We wish to express our deepest sympathy to the family in this loss.

Dr. John W. Sutherland

The sudden death of Dr. John W. Sutherland in California in April was a shock to the whole Conference. For a quarter of a century Dr. Sutherland filled the position of Superintendent for our Michigan Conference and left his personality indelibly imprinted on our denomination. Services were held in North Woodward Church, Detroit, (which church he was instrumental in founding) with interment at Northport. The Board records its deep regret and extends its sympathy.

An Invitation to Cooperative Consideration

At the Autumn Meeting of the Board the Women Presidents and also the Registrars of the twelve Associations met as corresponding members and guests of the Board. One of the apparent results of this meeting has been a new spirit of cooperation shown by the Associations in the work of the Conference. Never in years has better care been taken of the Maintenance Fund. The Board wishes to foster this spirit and welcomes the presence of members of the Conference to any and all of its meetings.

Staff Personnel

Our Conference is extremely fortunate in the personnel of its staff. Observance of the spirit and activities of each member inspires only confidence and optimism. Dr. Lloyd, our Superintendent, has had contact during the year with 119 churches, including 201 groups, using 186 days and traveling 17,893 miles. This in addition to taking care of all the regular Conference work that came to his desk and the countless calls that such a position demands. Only ceaseless energy and courage could meet such a task.

The work of our General Missionary, Rev. Percy V. Dawe, has shown amazing results. For example: Four churches that had been practically lost to the denomination, have been revived, put on a permanent operating basis and at this moment are self-supporting. His help and advice given in organization and the setting up of machinery for Every Member Canvas, etc., in scores of churches, have given new hope and life in many fields.

Following the Summer Conferences last year, illness kept Miss Helen Boyd from active work. We are glad to report that she is regaining her health and will be undertaking her full program this year.

It is interesting to note here that Miss Boyd's work in the Pilgrim Fellowship has been so well done that it has become the model for like movements in other states. Dr. Stock of the Educational Society and Dr. Shaver have so commended it that Religious Educational Directors from a number of Conferences have requested copies of promotional material used in Michigan.

Mrs. Stokes, as always, is the personification of courtesy and the acme of proficiency in marshalling and handling endless office details, thus guaranteeing the smooth running of the Conference Machine. She sits as the Guardian of the Treasury and the economic management of the Conference is largely due to her efficient watchfulness.

Missionary Receipts

It is evident that the bottom of the depression for us was reached in 1934. Benevolence under the apportionment plan showed in 1935 an increase of about eleven per cent over 1934 and in 1936 a further increase of eight per cent over 1935.

A survey of the giving of our church makes an interesting study. In 1936 127 churches gave an aggregate of \$6,024 more than in 1935, an increase of 27.9 per cent for those churches. Seventeen churches gave the same amount as in 1935 but, (and here is the sad thing) 62 churches gave a total of \$1,982 or 7.42 per cent **less** than in 1935. Had these churches made the same percentage of gain as in the case of the 127, our total income would have been increased by \$9,200 and instead of a deficit of \$313 for State Work we could have repaid \$3,300 reducing by this amount the overdraft which has accumulated during the depression years.

Reports from the churches for the first quarter of 1937 indicate an upturn in income and it is the expectation of your Board that with conservative spending we shall be able to balance the budget this year and make a substantial payment on the overdraft of the past years.

We Call Attention

We call to your attention certain items in the Treasurer's Report for 1936.

Amount received directly from the churches for the State Work	\$18,875.67
The Total Income	25,284.51
The Total Expenses	25,597.08

Note two things:—

First: The practical balancing of the budget in a year of increased activity and expense.

Second: The difference between the amount given by the churches and the total receipts, or in other words, the amount received from outside the churches, **paid all the office expenses, including salaries**, so that every cent of contribution from the churches went to Missionary Work, Religious Education, and Fraternal Service.

Investments

The permanent funds of the Conference, while reduced in amount, are in much better condition than at the beginning of the year. Under the advice of the Finance Committee, securities of doubtful value have been sold and the funds reinvested in those of interest-bearing and more dependable character.

Recommendations

We recommend—

That whereas the General Council, at its 1936 meeting reduced its share of the per capita tax from eight cents to seven cents per member and

Whereas the present allotment of four cents per member is not sufficient adequately to support the work of Conference because of the wide territory to be covered and the extensive program of service to the churches,

Resolved, That we respectfully ask the Associations to retain the per capita tax at its present level and allocate to the Conference five cents instead of four cents per member.

Agreement with the Board of Ministerial Relief

The Board recommends to the Conference that we renew for one year the agreement with the Congregational Board of Ministerial Relief, as follows:

1. That the Michigan Congregational Conference will remit at the end of each month to the Board of Ministerial Relief all sums received from the churches, the Local Associations, the State Conference, and receipts from invested funds.
2. The Michigan Conference will transmit to the Board of Ministerial Relief all applications for annuities and special grants of which it approved.
3. The Board of Ministerial Relief will give prompt consideration to all such applications and make as generous grants in aid as possible.
4. The Board of Ministerial Relief will continue the present policy of the State Conference in authorizing the State Superintendent to act entirely upon his own judgment in caring for emergency cases.

Superintendent and Registrar

We recommend that Dr. Stephen A. Lloyd be elected for a term of one year to succeed himself as Superintendent and Registrar of the Conference at an annual salary of \$4,500.

Treasurer and Assistant Treasurer

We recommend that Rev. Charles H. Harger be elected Treasurer of the Conference, and Mrs. Fay R. Stokes, Assistant Treasurer, each to serve a term of one year, and that in both cases the necessary bonds be furnished.

Respectfully submitted,

A. J. MacKENZIE,
Chairman.

EXHIBIT M**RESOLUTIONS COMMITTEE**

The Committee on Resolutions extends to the people and pastor, the Rev. Rex Holman of the Owosso Congregational Church, the appreciation of the Conference for their generous and kindly hospitality during the Conference period. We are appreciative of the fine courtesies extended by the people of the First M. E. Church and First Baptist Church of the city.

We express also the sense of debt which the Conference feels to the Business Committee for the strong and vital program which has broadened our mental and spiritual horizons and challenged us to a nobler expression of our Christian faith.

The Conference would record its appreciation of our visiting speakers: Dr. Raymond C. Brooks, Mrs. Marguerite Bro, Dr. Robert W. Gammon, Dr. Ernest M. Halliday, Rev. Paul R. Reynolds, Miss Ruth I. Seabury, Dr. Charles Haven Myers, and to all others who assisted in making the program valuable and inspiring.

On behalf of the Social Relations Committee, we recommend that the ministers bring before their people the excellent literature which is being produced by the Council, and that the Council set aside sufficient funds to facilitate the setting up of a strong, one- or two-day institute during the coming year.

Resolved, That the churches represented in this Conference adopt a constructive program to further World Peace, suggesting a Peace Committee in each church working in connection with the National Peace Conference plans.

Sensing the destructive and unwholesome influences which associate themselves with gambling practices the Congregational Christian Churches of Michigan call upon members of the State Legislature in session at Lansing, to aggressively oppose efforts to make the practice of gambling more accessible through legal sanction.

We particularly call attention to the present attempt to legalize Dog Racing and ask that this bill be defeated in the interests of good citizenship. We regard it as a further moral and economic hazard for youth and adults in our state.

Rejoicing as we do in the success of the splendid Conference, we pause to pay tribute to the life and service of Dr. John W. Sutherland. Michigan Congregationalism is deeply indebted for his inspirational and courageous leadership through the years. The Resolutions Committee suggests that a brief memorial service be conducted in his memory before the close of the Conference.
